INDEPENDENT AUDITORS' REPORT

Board of Directors
Crayons to Classrooms
Dayton, Ohio

We have audited the accompanying financial statements of **Crayons to Classrooms** (a nonprofit organization), which comprise the statements of financial position as of December 31, 2015 and 2014, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

CRAYONS TO CLASSROOMS

NOTES TO FINANCIAL STATEMENTS

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Business - Crayons to Classrooms is a nonprofit Organization. The Organization is a free store for teachers of low-income children in Dayton, Ohio. It provides donated school supplies at no charge to under-funded kindergarten through 12th grade classrooms. The Organization was incorporated in October 2007, and received their 501(c)(3) determination in March 2008. The Organization began distributing school supplies in 2009.

Basis of Presentation - The Organization's financial statement presentation follows the recommendation of generally accepted accounting principles, which requires the Organization to record unconditional promises to give (pledges) as receivables and revenues and requires the Organization to distinguish between contributions received for each net asset category in accordance with donor imposed restrictions. The Organization is also required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets and permanently restricted net assets. The Organization had no permanently restricted net assets at December 31, 2015 and 2014.

Unrestricted Net Assets - Unrestricted net assets include unrestricted resources, including donations, gifts and bequests, available for the use of the Organization, over which the Board of Directors has discretionary control.

Temporarily Restricted Net Assets - Temporarily restricted net assets include contributions and grants for which donor imposed restrictions have not been met. These restrictions will be satisfied by actions of the Organization.

Permanently Restricted Net Assets - Permanently restricted net assets are resources whose use is permanently restricted by donors.

Financial Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Functional Allocation of Expenses - The costs of providing the various programs and other activities have been summarized on a functional basis in the statements of functional expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Contributions - Gifts of cash and other assets are reported as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a restriction expires, that is, when a stipulated time restriction ends or a purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. Contributions received with temporary restriction that are met in the same reporting period are reported as unrestricted support and increase unrestricted net assets. Investment income that is limited to specific uses by donor restrictions is reported as increases in unrestricted net assets if the restrictions are met in the same reporting period as the income is recognized.

NOTES TO FINANCIAL STATEMENTS

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Donated materials are recorded as contributions at their estimated fair values at the date of donation. Contributions of services are recognized in the financial statements if the services enhance or create non-financial assets or require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. The Organization has recorded in-kind donations of product in the amount of \$1,939,466 and \$3,344,647 for the years ended December 31, 2015 and 2014, respectively. For the years ended December 31, 2015 and 2014, one donor contributed 71% and 82% of the in-kind donations of product, respectively. This donor receives in-kind donations from numerous donors, which are distributed to various recourse centers throughout the United States. The Organization pays an annual membership fee to participate in this distribution program. The Organization has also recorded an in-kind donation and expense in the amount of \$69,659 and \$71,065 to recognize the fair market value of rent for the years ended December 31, 2015 and 2014, respectively. See Note F for additional information related to Service and Rental Agreements. The Organization also received \$43,554 in-kind donations for its 2015 5th anniversary fundraiser.

Pledges Receivable - Unconditional promises to give that are expected to be collected within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected in future years are discounted to present value.

Property and Equipment - Property and equipment is recorded at cost or, if donated, it is recorded at its fair market value at the date the donation is received. The Organization's policy is to capitalize all major expenditures in excess of \$1,000. Depreciation is computed on the straight-line basis over the estimated useful lives of the assets, ranging from three to seven years. At retirement or sale, the costs of the assets, less related accumulated depreciation, are removed from the accounts and the resulting gains and losses are included in income. Routine maintenance and repairs are expensed when incurred. At December 31, 2014, property and equipment was fully depreciated.

Depreciation expense for the years ended December 31, 2015 and 2014 was \$- and \$1,144, respectively.

Beneficial Interest in Assets Held by Others - In accordance with generally accepted accounting standards, investments in equity securities with readily determinable fair values and all investments in debt securities are valued at their fair market values in the statement of financial position. Net unrealized gains and losses are included in the change in net assets on the statement of activities as increases or decreases in support and revenue unless their use is restricted by explicit donor stipulations or by law.

Inventories - Inventories are stated at fair market value and cost is allocated using the first-in, first-out (FIFO) method. Inventory consists of purchased and donated school supplies contributed to the Organization for its free store.

Tax-Exempt Status - The Organization is operated as a nonprofit organization and is tax exempt under IRS Code Section 501(c)(3). Accordingly, no provision for income tax is presented in these financial statements.

Accounting for Uncertainty in Income Taxes - Accounting standards require the evaluation of tax positions taken, or expected to be taken, in the course of preparing the Organization's tax returns, to determine whether the tax positions are "more-likely-than-not" of being sustained by the applicable tax authority. This statement provides that a tax benefit from an uncertain tax position may be recognized in the financial statements only when it is "more-likely-than-not" the position will be sustained upon examination, including resolution of any related appeals or litigation processes, based upon the technical merits and consideration of all available information. Once the recognition threshold is met, the portion of the tax benefit that is recorded represents the largest amount of tax benefit that is greater than 50 percent likely to be realized upon settlement with a taxing authority. No significant uncertain tax positions exist as of December 31, 2015.

NOTE D - BENEFICIAL INTEREST IN ASSETS HELD BY OTHERS

The Organization has a beneficial interest in funds whose underlying investments are held and managed by the Dayton Foundation, a community foundation that invests and manages donors' charitable funds. The funds are subject to the investment and spending policies of the Dayton Foundation and are held exclusively for the benefit of the Organization. Requests for funding, including disbursements of fund principal, are initiated by the Organization, and approved by the Dayton Foundation's granting committee. Distributions from the funds are unrestricted.

The following endowments have been created at The Dayton Foundation from which the Organization is entitled to receive certain income and benefits.

NOTE E - FAIR VALUE

Accounting standards define fair value, outline a framework for measuring fair value and detail the required disclosures about fair value measurements. The Organization has adopted these accounting standards. The standards require that certain non-financial assets and liabilities be recognized or disclosed at fair value. At the present time, the Organization does not have any non-financial assets or liabilities that would require fair value recognition or disclosures under these standards.

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or most advantageous market. The Organization uses a fair value hierarchy that has three levels of inputs, both observable and unobservable, with use of the lowest possible level of input to determine fair value. Level 1 inputs include quoted market prices in an active market or the price of an identical asset or liability. Level 2 inputs are market data, other than Level 1, that are observable either directly or indirectly. Level 2 inputs include quoted market prices for similar assets or liabilities, quoted market prices in an inactive market, and other observable information that can be corroborated by market data. Level 3 inputs are unobservable and corroborated by little or no market data. The Organization uses valuation techniques in a consistent manner from year-to-year.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There has been no change in the methodologies used at December 31, 2015 and 2014.

Beneficial interest in funds held by others: Value determined based on the fair value of the underlying trust assets, which is estimated to approximate the present value of future cash flow of the funds held and the fair market value of the underlying assets at December 31, 2015 and 2014.

NOTES TO FINANCIAL STATEMENTS

NOTE F - SERVICE AND RENTAL AGREEMENTS

The Organization entered into three separate agreements with Goodwill Easter Seals Miami Valley (Goodwill) in July 2008. These agreements state that Goodwill will provide information technology equipment and services, financial services, and building space to the Organization, for a monthly fee. The total amount of expense for the information technology and financial services for the years ended December 31, 2015 and 2014 was \$48,000 and \$66,054, respectively. Rent is being charged at \$10 monthly. The Organization is also recording an in-kind donation and expense in the amount of \$55,599 to represent the fair market value of the rental space for the years ended December 31, 2015 and 2014. These agreements renew automatically for successive one-year periods, unless terminated by either party.

The Organization also entered into an agreement with an unrelated party in July 2014. The agreement is for building space provided to the Organization in Fairborn, Ohio. No rent is being charged for this space. The Organization recorded an in-kind donation and expense in the amount of \$14,060 and \$15,466 to represent the fair market value of the rental space for the years ended December 31, 2015 and 2014, . The agreement expired June 1, 2015.

NOTE G - OPERATING LEASES

The Organization leases office equipment under an operating lease agreement for total monthly payment of \$290, which expires September 2019.

Rent expense on these leases was \$3,480 and 71% for the years 2015 and 2014.

Future minimum lease payments over the next four years are as follows:

2016	\$	3,476
2017		3,476
2018		3,476
2019		2,607

NOTE H - TEMPORARILY RESTRICTED NET ASSETS
